Mr. Antonio Hueso moved for approval of the minutes of the July 21, 2016, Workshop On Regulatory Matters meeting. Mr. George Abraham seconded the motion, and the vote was 8 to 0 in favor with Mr. Akbar Majid and Mr. Medhanie Weldegiorgis absent.

3. Non-Agenda Public Comment

There were no non-agenda public comments.

4. MTS Approved Driver Training Course Provider Contract Expiration

Public Comment:

Abebe Antallo – Representing the United Taxi Workers of San Diego (UTWSD) inquired if the driver training is necessary. He expressed he believes it should be eliminated as there are no new drivers coming into the industry and it is his opinion that the driver training is a waste of time and money for those drivers such as himself whom have been driving for over 15 years.

William Johnson – Representing the United Taxi Workers of San Diego (UTWSD) shared his opinion regarding having individual radio services provide the training, but believes it should be open for the drivers to go to whichever radio service the driver prefers or has access to. Mr. Johnson shared the system which the state of New York taxi industry utilizes, which consist of the taxi union offering the training to the drivers, and the drivers can go to any training they chose to as long as the training meets the standards. Mr. Johnson believes their system is a somewhat better fitting to the industry as the radio services would not have to be paying for the training as well and the testing, instead the fees would go to the drivers.

The subcommittee discussed at length the MTS Approved Driver Training Course contractual agreement with Foundation Community Services (FCS) which is to expire on

November 21, 2017. The subcommittee discussed possible options contractual extension, renewal and possibilities for new organization to take over to provide the training.

Mr. Hueso expressed concerns regarding the existing time remaining on the existing contract as well as the current training content as to not just safety driving training but also customer service and training on new equipment.

Mr. Banks is concern that drivers might not have enough time to get their training done within the 6 remaining months of the contract and inquired if there are any current bids from providers or if anyone within the industry is interested in providing such training. Mr. Banks stated that customer service training is not the most important component, but instead driver safety should come first and focus on the customer service at a later time. He attributes this to the lack of demand of taxicab services.

Mr. Seifu stated some of the drivers have expressed to him they do not feel they are benefiting from such training and they feel they are wasting their time and money, therefore he recommended removal of this training.

Mr. Palmeri expressed and shares Mr. Hueso's concerns regarding contractual expiration, driver safety training content as well as concerns regarding price. Mr. Palmeri is concerned regarding the decline of demand in the taxicab industry also emphasizes the importance of including a customer service component to the training. Mr. Palmeri is also concerned that if each radio service provides the training, that the driver may be limited on what type of equipment the driver is being trained at. Mr. Palmeri emphasizes the importance of a training that is universal for all drivers as well as a training that is approved by MTS.

Mr. Afifi suggested for each radio service or perhaps the United Taxi Workers of San Diego (UTWSD) could provide the training to drivers who need to be certified or recertified.

After further discussion among the subcommittee members, Mr. Fewell called for a motion on the (3) options provided by members of the board. The options are as follow:

Option #1: To keep it the training neutral and have bids out for providers to come out with proposals as to how to implement the program.

Option #2: To have each company provide their or be open to anybody that would like to acquire the program to their radio service this will also accommodate individual companies that will not be able to provide the program on their own.

Option #3: To seek a contract extension 3 or 6 months, if no decision is made in between the contract expiration (11/21/17) and the next TAC meeting.

Action Taken

Mr. Palmeri proposed to keep the options discussed and further pursue a 6 month extension. Ms. Tanguay moved to seconded the motion, and the vote was 7 to 1 in favor with Mr. Majid and Mr. Weldegiorgis absent and Mr. Seifu abstaining.

5. MTS Approved Driver Training Course Content Update/Revision

The subcommittee members discussed the content of the driver training. Much of the content was covered during discussion of agenda item #3 however; further ideas and recommendations were shared by the members of this board.

Mr. Palmeri expressed he is not able to make a judgement at this time as he does not know what the outline of the training consist of. He suggested 2 scenarios. 1) Have another WORM committee meeting to further discuss the outline of the class/training or 2) let the TAC committee go to a class together as a group (ONLY TAC members) and once they go through the class, the TAC members may have an idea what the class consist of and they can see what should be implemented in the class/training.

Mr. Afifi recommended for the San Diego Airport to collaborate with MTS to set in place a set of procedures or outline for drivers to be trained and educated on how to proceed while at the San Diego Airport.

Mr. Banks agrees with the recommendation of Mr. Afifi for the airport to have training for drivers.

Mr. Nichols stated the airport currently has "memorandums of agreements" which are shared with the drivers, but would be happy to include elements on how the driver should operate at the airport and provide this to MTS for the training program.

Mr. Fewell will provide each WORM committee member a copy of the current training program for them to review and further discuss updates and changes of the program on our the next WORM meeting.

Action Taken

Motion: None. Second: None and no vote was taken with Mr. Majid and Mr. Weldegiorgis absent.

6. 2017 Rates of Fare, San Diego Airport

Public Comment:

Karman Hamidi – is concerned about the current state of the taxicab industry and recommended freezing the airport rates of fares. Mr. Hamidi stated that he is aware of the difficulty of the taxicab industry rates competing with Uber and Lyft rates and therefore recommends for the airport rates to stay the same in an effort to preserve any current taxi customers.

Mr. Palmeri agrees with Mr. Hamidi's proposal to freeze the rates as lowering the rates it will ultimately cost all the owners money to lower your rates. Mr. Palmeri stated that whatever rate taxi drivers lower, Uber & Lyft will also lower and taxi owners/drivers could never bring the rates down to match Uber/Lyft.

Action Taken

Mr. Palmeri moved to freeze the April 2016 rates of fare as they are and make the recommendation to the TAC to accept the rates. Mr. Banks seconded the motion, and the vote was 8 to 0 in favor with Mr. Majid and Mr. Weldegiorgis.

7. Management and Committee Member Communications

a. Agreement for Administration of Taxicab and for-hire vehicles between MTS and the City of National City

Mr. Fewell stated MTS came to a contractual agreement with the city of National City as of April 2017 to administer their taxicabs and their for-hire vehicles. A meeting between Mr. Fewell and city of National City representatives took place on Wednesday, May 24th, 2016 to clarify MTS responsibilities and functions. The meeting was productive and Mr. Fewell will meet with City Works to see if MTS is able to implement taxicab stands in the city of National City to better service our the public as well as drivers. It was communicated to MTS that there is only currently 6 taxicabs operating in the city and they all belong to USA Cab. An official announcement will be made on the upcoming TAC and a memo will be sent out requesting for it to be displayed in conspicuous place for the radio services for all drivers to be advised that they can now operate in the city of National City as an MTS contract city.

b. 2017 Reconciliation of Fees Statement

Mr. Fewell reviewed the 2016 Reconciliation of Fees Statement. There were 141 permits that were abandoned or void due to nonpayment of the regulatory fee, not for any another reason. The loss of revenue resulted in those 141 permits came to be for \$42,300.00; almost 10% of the vehicles that we currently regulate. We are going forward, and it is already been reconsolidated by our finance department.

c. MTS Taxicab Administration Staffing update: Not discussed.

d. USA, Silver/Chase Radio Services share of resources, business location

Mr. Fewell informed the subcommittee members of MTS granting permission for USA Radio Service and Silver/Chase Radio Services to share resources as to the same business location and trial basis for 90-days as part of concerns to the industry to addressing increasing cost and overhead operational cost, MTS is considering amending the Ordinance 11 in the near future at the request of the TAC to pursue that option, to share resources in cut overhead cost for radio series as long as customer service, public safety, and all other elements required in the Ordinance are not affected. That should be something the TAC would welcome in the future and would alleviate a lot of the expenses the industry is going through.

e. Port of San Diego intention on removing taxicab stand located at Kettner Av (Grand Manchester Hyatt due to Taxi driver noncompliance with traffic rules

Mr. Fewell informed the subcommittee members that the Port of San Diego has expressed intention on removing several taxicab stands; in particular the one on Kettner/Manchester due to taxi drivers not complying with traffic rules. Mr. Fewell has asked Ms. Kristine Love (director of real estate assets for Port of San Diego), to provide MTS with a presentation/pictures again, which were presented at the last TAC meeting. That way, as a team, we can all unite efforts to correct this situation.

Mr. Fewell states that as an advocate for the industry MTS has been exploring new possibilities for installing taxicab stands so the drivers can have a place to safely park and gain more business. The Port of San Diego is contemplating providing us the opportunity to install additional cab stands on their property; Humphries by the Bay, as well as along Harbor drive. There are major improvement projects for the North Embarcadero there is one that is underway for the Manchester project in front of the Midway. Once those projects are completed, it would be beneficial to see that we are able to install several taxicab stands along the way to better service the public. This is certainly something we can later address at the next WORM meeting or in between, but I will have a presentation on the next TAC committee about this issue.

8. Next Meeting – TBD

Agenda Item No. 3

Taxicab Advisory Committee Workshop on Regulatory Matters

September 12, 2017

SUBJECT:
PROPOSED REVISIONS TO MTS ORDINANCE 11

RECOMMENDATION:

That the Workshop On Regulatory Matters (WORM) Subcommittee make a recommendation to the Taxicab Advisory Committee (TAC) to conduct further discussion on the feasibility to implement proposed revisions to Ordinance 11.

Budget Impact:

None.

DISCUSSION:

Committee members requested that WORM Subcommittee convene to consider revisions to MTS Ordinance 11, and MTS Administrative fee schedule. These revisions were proposed by Permit Holders, Driver Representatives and Radio Service Organizations. Members have repeatedly expressed concerns with the challenges of competing with TNC's (Transportation Network Companies, i.e. Uber, Lyft) and the costs associated with compliance of Ordinance 11. By revising and/or eliminating some of the requirements under Ordinance 11, permit holders and taxicab operators may see a reduction in costs.

The Ordinance 11 requirements related to the proposed revisions, to be discussed are the following:

- Color Scheme/Paint
- Vehicle Markings (possible Exterior/interior advertising)
- Rates of Fares/Soft Meters
- Mobile Radios/FCC Licenses
- Listing in telephone directories
- Top lights/Code Blue lights

- Credit Card payment acceptance
- Driver Licensing Requirements
- Administrative Fee Schedule (Transfer Fees)

As a substantial part of Ordinance No. 11 could be revised, proposed revisions will be discussed, later to be presented at the Taxicab Advisory Committee meeting on September 20, 2017.

A driver may have on file with the Sheriff a maximum of four (4) such applications at any one time. (1) Any person under the age of twenty-one (21) years.

(2) Any person who has been convicted of a felony involving a crime of force or violence against any person, or the theft of property, unless five (5) years have elapsed since his or her discharge from a penal institution or satisfactory completion of probation for such conviction during which period of time his or her record is good.

(3) Any person who has been convicted of assault, battery, resisting arrest, solicitation of prostitution, any infraction, misdemeanor, or felony involving force and violence, or any crime reasonably and rationally related to the paratransit industry or any similar business operation which bears upon the integrity or ability of the driver to operate a for-hire vehicle business and transport passengers, unless five (5) years shall have elapsed from the date of discharge from a penal institution or the satisfactory completion of probation for such conviction.

(4) Any person who, within the five (5) years immediately preceding the processing of the application, has been convicted of or held by any final administrative determination to have been in violation of any statute, ordinance, or regulation reasonably and rationally related to the for-hire vehicle industry or any similar business operation which would have authorized the suspension or revocation of the driver's identification card in accordance with Section 1.14 of this Ordinance.

(6) Any person who has provided false information of a material fact in their application within the past five (5) years.

Any temporary identification card so issued shall be valid for a period not to exceed ninety (90) days or until the date of approval or denial of the application for a regular for-hire vehicle driver identification card, whichever shall occur first. Section 1.13 - Suspension and Revocation of Permit

(a) Permits may be suspended or revoked by the Chief Executive Officer at any time in case:

- (1) The Chief Executive Officer finds the permit holder's past record to be unsatisfactory with respect to satisfying the provisions of this Ordinance.
- (2) The permit holder fails to comply with the applicable provisions of this Ordinance.
- (3) The drivers of the for-hire vehicle or vehicles fail to act in accordance with those provisions of this Ordinance which govern driver actions. The permit holder shall have strict liability in this regard; however, this provision shall not restrict the Chief Executive Officer's ability to penalize a driver for violations of those provisions of this Ordinance which govern driver actions.
- (4) The owner shall cease to operate any for-hire vehicle for a period of ninety (90) consecutive days without having obtained written permission for cessation of such operation from the Chief Executive Officer. It is the intent of this section that the Chief Executive Officer, in granting such permission, gives due consideration to the operating situation of the permit holder on a case-by-case basis.

The following guidelines are to be used in granting permission for a permit holder to cease operating a for-hire vehicle for a period longer than ninety (90) days.

- (a) The permit holder must submit a written request for an extension of time, stating the specific reason(s) additional time is required and identifying a plan and timetable for placing the vehicle back in service. Written documents sufficient to substantiate the factual information contained in the request should also be submitted.
- (b) The plan and timetable submitted must reflect a reasonable approach for placing the vehicle back in service within the shortest possible time frame.
- (c) An additional period of time, not to exceed sixty (60) calendar days, may be granted to a permit holder in case of severe personal illness or other similar hardship.
- (d) An additional period of time, not to exceed thirty (30) calendar days, may be granted to a permit holder in case of extensive vehicle repairs or other similar reasons.
- (e) No extension will be granted to any permit holder who is unable to meet the basic operational costs including liability insurance, regulatory fees, and normal maintenance and repairs of operating a for-hire vehicle.

(f) No more than one (1) extension in time will be granted for each vehicle permit in a single twelve (12) month period.

(5) The for-hire vehicle or vehicles, if operated as other than a taxicab, are operated at a rate of fare other than those fares on file with the Chief Executive Officer.

(6) The for-hire vehicle or vehicles, if operated as a taxicab or LSV, are operated at a rate of fare greater than those fares on file with the Chief Executive Officer or posted on the taxicab or LSV pursuant to Section 2.2 (b) of this Ordinance.

(7) The for-hire vehicle or vehicles, if operated as a taxicab or LSV, are operated at a rate of fare greater than current maximum rate established by the Board pursuant to Section 2.2(a) of this Ordinance.

(8) The permit holder fails to begin operating the for-hire vehicle for which the permit is first approved within ninety (90) days after the approval date.

(9) The permit holder has been convicted of assault, battery, resisting arrest, solicitation of prostitution, any infraction, misdemeanor, or felony involving force and violence, or any crime reasonably and rationally related to the paratransit industry or any similar business operation which bears upon the integrity or ability of the applicant or permit holder to operate a for-hire vehicle business and transport passengers, unless five (5) years shall have elapsed from the date of discharge from a penal institution or the satisfactory completion of probation for such conviction.

(10) The permit holder has been convicted of a crime that would require a person to register as a sex offender under the California Penal Code. For purposes of this section, a plea or verdict of guilty, a finding of guilt by a court, a plea of nolo contendere or a forfeiture of bail shall be considered a conviction.

(a) A permit holder shall be notified in writing within 10 working days when a credible complaint has been filed with the Chief Executive Officer by a member of the public where such complaint involves the permit holder, the driver of the permitted for-hire vehicle, or the radio service to which the permit holder is subscribed. It shall be the responsibility of the permit holder to investigate the complaint and report in writing to the Chief Executive Officer within 30 days the result of the investigation and any corrective action taken or proposed. Where the complainant has agreed to the sharing of their identity, the results of the investigation, findings, and actions shall be communicated to the complainant.

(b) In the event the Chief Executive Officer finds a permit holder has failed to responsibly respond to notification of complaints or to initiate corrective action, the Chief Executive Officer shall issue a notice of proposed adverse action to the permit holder. If the circumstances of the complaint or subsequent investigation so warrant, the Chief Executive Officer may issue a notice of adverse action to a driver independently of or in conjunction with any adverse action proposed to the permit holder. The Chief Executive Officer shall refer to the Administrative Penalty Guidelines in determining a proposed adverse action.

(c) The permit holder or driver in receipt of a notice of proposed adverse action shall be given the opportunity to appear for an informal hearing before the Chief Executive Officer or his designated representative. Failure to appear will constitute waiver of the hearing. Following the hearing or waiver thereof, the Chief Executive Officer shall issue the notice of adverse action if justified by the facts. If the Chief Executive Officer determines that the performance of the permit holder or

driver involves criminal activity or constitutes a serious degradation of the public safety, convenience, or necessity, a notice of adverse action may be issued and the action effected without hearing.

(d) Upon a finding by the Chief Executive Officer that a permit holder falls within the provisions of this section, the permit holder or driver shall be notified that his or her permit has been subjected to an adverse action and that the matter is such that the action may be appealed. In lieu of an action provided for in the Administrative Penalty Guidelines, the Chief Executive Officer may impose a fine or a fine and a period of suspension for any violation(s) of this Ordinance.

(1) The Chief Executive Officer finds the driver's past record to be unsatisfactory with respect to satisfying the provisions of this Ordinance; or

(2) The driver fails to comply with the applicable provisions of this Ordinance; or

(5) The driver is convicted of reckless driving or driving while under the influence of intoxicating liquors and/or narcotics; or

(b) For purposes of Subsections (a) (1) through (a) (6) of this section, a plea of nolo contendere, or a forfeiture of bail shall be considered a conviction if it occurred within the five (5) years immediately preceding the date of application for a permit or identification card.

(c) Notwithstanding a driver's possession of a valid taxicab or LSV driver identification card, the Chief Executive Officer may deny, suspend, revoke, or refuse to renew the driver's privilege to operate a for-hire vehicle in the City if the driver falls within the provisions of this section. The Chief Executive Officer shall send a notice of prohibition the date postmarked to operate a taxicab or LSV to any holder of a Sheriff's driver identification card who is ineligible under Subsection (a) to operate a for-hire vehicle within the City limits. The notice of prohibition shall be appealable in accordance with Section 1.16.

The permit holder or driver shall set forth in the appeal the reasons why such action is not proper.

(b) If no administrative appeal is filed within the proper time, the permit or driver's identification card shall be considered revoked, suspended or denied, and shall be surrendered, the fine be imposed, as applicable, or the notice of prohibition to operate take effect.

(c) Except as provided in Subsection (d), once an administrative appeal is filed, the revocation or suspension of the permit or driver's identification card, the effect of the notice of prohibition to operate, or the imposition of the fine shall be stayed pending the final determination of the administrative appeal.

(d) If, in the Chief Executive Officer's opinion, the continued operation of a for-hire vehicle or possession of a driver's identification card represents an unsafe condition for any passenger or pedestrian, the revocation or suspension of the related permit, driver's identification card, or the effect of any notice of prohibition to operate shall not be stayed. A revocation or suspension of a permit imposed for failure to comply with Section 1.8 (f) or Section 1.9 is rebuttably presumed to represent an unsafe condition pending the determination of the appeal or the correction of the violation, whichever shall occur first. Notwithstanding, no medallion shall be reattached to a vehicle until the violation under Sections 1.8 (f) or 1.9 has been corrected.

(Section 2.0 and 2.1 amended 8/7/2003)

Section 2.2 - Rates of Fare

(a) After a notice and open public hearing of the Taxicab Advisory Committee, MTS shall establish a maximum rate of fare for exclusive ride and group ride hire of taxicabs and/or LSVs except for trips from San Diego International Airport. A permit holder may petition the Board for any desired change in the maximum taxicab or LSV rates for exclusive ride and/or zone rates and group ride hire.

(b) Taxicab trips from San Diego International Airport shall be at a uniform rate of fare. Rates for trips originating at the airport may include an extra charge equal to the Airport Trip Fee assessed against the individual taxicab operator by the San Diego County Regional Airport Authority. The extra may not be charged on any trip that does not originate at the airport or on any trip where the taxicab operator does not pay the fee to the San Diego County Regional Airport Authority. The extra charge may only be charged to the customer by utilizing the extra button on the taxicab meter. A driver may not verbally request payment. All taxicabs utilizing the Airport Trip Fee extra button must have a decal, approved by the Chief Executive Officer and the County of San Diego Office of Weights and Measures. The decal shall identify and accurately describe the extra charge consistent with regulatory requirements.

(c) Each permit holder shall file with the Chief Executive Officer the rates of fare that he/she will charge, which shall not exceed the maximum rate set by the Board pursuant to Section 2.2(a).

(3) Each taxicab permit holder shall prominently post rates in dollars-per-mile centered on the upper third part of both rear doors one (1) inch in height utilizing "Univers" or other MTS pre-approved font in black or white lettering to produce maximum contrast adequately spaced for maximum readability.

(4) No other information shall be posted on rear doors.

(d) If a taxicab permit holder desires to change his/her rates of fare, he/she shall file with the Chief Executive Officer the new rates, reset the taximeter, have the taximeter sealed and inspected, and post the revised rates on each side of the taxicab as provided in Subsection (c) of this section.

(e) It shall be unlawful for a permit holder or driver to operate any taxicab in the City, unless the vehicle is equipped with a taximeter that meets the requirements of the State of California.

(1) The taximeter shall be of a style and design approved by the Chief Executive Officer.

(2) The taximeter shall calculate fares upon the basis of a combination of mileage traveled and time elapsed. When operative with respect to fare indication, the fare-indicating mechanism shall be actuated by the mileage mechanism whenever the vehicle is in motion at such a speed that the rate of mileage revenue equals or exceeds the time rate, and may be actuated by the time mechanism whenever the vehicle speed is less than this, and when the vehicle is not in motion.

(3) Waiting time shall include all time when a taxicab occupied or engaged by a passenger is not in motion or is traveling at a speed which is slow enough for the time rate to exceed the mileage rate. Waiting time will also include the time consumed while standing at the direction of the passenger or person who has engaged the taxicab.

(4) It shall be the duty of every permit holder operating a taxicab to keep the taximeter in proper condition so that the taximeter will, at all times, correctly and accurately indicate the charge for the distance traveled and waiting time. The taximeter shall be at all times subject to the charge for the distance traveled and waiting time.

(5) The taximeter shall be at all times subject to inspection by an MTS inspector or any peace officer. The MTS inspector or peace officer is hereby authorized at his or her instance or upon complaint of any person to investigate or cause to be investigated the taximeter, and upon discovery of any inaccuracy in the taximeter, or if the taximeter is unsealed, to remove or cause to be removed the vehicle equipped with this taximeter from the streets of the City until the taximeter has been correctly adjusted and sealed. Before being returned to service, the vehicle and taximeter must be inspected and approved by the Chief Executive Officer.

(6) Any device repairperson who places into service, repairs, or recalibrates a taximeter shall record the tire size and pressure of the drive wheels of that vehicle, as tested, on the repair person's sticker.

(7) It shall be the duty of the permit holder to ensure the proper device repair person's sticker is affixed to the taximeter and to ensure the tires are the proper size.

(f) It shall be unlawful for any driver of a taxicab, while carrying exclusive or group ride passengers, to display the flag or device attached to the taximeter in such a position as to denote that the vehicle is for hire, or is not employed, or to have the flag or other attached device in such a position as to prevent the taximeter from operating. It shall be unlawful for any driver to throw the flag into a position which causes the taximeter to record when the vehicle is not actually employed, or to fail to throw the flag or other device into non-recording position at the termination of each and every service.

(g) The taximeter shall be so placed in the taxicab that the reading dial showing the amount of fare to be charged shall be well-lighted and easily readable by the passenger riding in such taxicab.

(h) It shall be unlawful for any permit holder and/or driver of a taxicab or LSV to demand of a passenger a charge for hire which is greater than the current maximum rate approved by the Board pursuant to Section 2.2 (a) or (b) of this Ordinance.

(i) Except as provided in this section, it shall be unlawful for any permit holder and/or driver to demand of a passenger a charge for hire which is greater than the permit holder's meter rate filed with the Chief Executive Officer pursuant to Sections 2.1 (a), 2.2 (b), or 2.2 (c) of this Ordinance.

(j) Nothing in this Ordinance shall preclude a permit holder or driver from agreeing with prospective passenger(s) to a rate of fare which is less than the permit holder's filed and posted rates of fare if the agreement is entered into in advance of the passenger(s), hiring the taxicab for the trip.

(7) All other exterior vehicle markings are prohibited unless they are directly related to the permit holder's business and pre-approved by the Chief Executive Officer.

(d) All taxicabs shall be equipped and operated so that they may be dispatched by two-way radio or two-way electronic communication, monitored by a dispatcher, in response to a telephone or other request for service by a prospective passenger. This requirement may not be met by use of a mobile radio telephone service.

- (1) Radio or electronic device must be turned on, and audible to driver, at all times the taxicab is in service.
- (2) Other electronic dispatch equipment, such as a cellular phone or tablet, shall be securely mounted within the vehicle in such a way to be visible to peace officers and MTS inspectors and allow for hands-free operation while the vehicle is in motion.

Rude or abusive language directed to a passenger(s) or any physical action that a reasonable person would construe as threatening or intimidating shall be specifically defined as a violation of this section.

(1) A driver, however, is not obligated to transport any person who is verbally or otherwise abusive to the driver. Such incidents shall also be noted on the trip log and notification shall be immediately sent to the radio service organization, which shall record the incident and keep the record for the minimum of 6 months.

(2) A failure of the driver of any taxicab or LSV to assist a passenger with the loading or unloading of a reasonable size, number, and kind of passenger luggage or other items, when requested to do so, shall be specifically defined as a violation of this section. The sign must be placed in a location in the vehicle that is clearly visible from the exterior of the vehicle. The sign must be of durable material and written in block letters in black ink and easily readable from a distance of not less than 10 feet.

(1) The daily trip log shall consist, at a minimum, of a five- by seven-inch paper form retained on a stiff-board writing surface with ruled lines and columns sufficient to contain the required information. All entries will be in black or dark blue ink, block letters, and be clearly legible.
